Carlene,

That's correct for the overall account balance as of the report with balances through 03/31/13; but when you look at the disbursements/open obligations for the 06MC account vs the disbursements against the 06MC02 account – that needs correcting. The \$400,000 put on BOC 37/contracts should have been for 06MC02 where the \$500,000 letter of credit money was deposited instead of the 06MC account. The CERCLIS special account planning screens are incorrect still.

Doretha,

We can do that, but we need to be looking at the same reports. The last one I saw appeared to no longer have a negative balance to correct.
